Exodus Movement: September Investor Update

Dear Shareholders,

September brings the second investor update from Exodus, with a major corporate milestone to share. Let's dive in!

Exodus warmly welcomes Maggie Knight as the first independent director of our Board of Directors. Dr. Margaret "Maggie" Knight comes very well-qualified to be an asset to Exodus management and its shareholders.

Dr. Knight's credentials and academic experience lend themselves particularly well to matters of accounting and finance. Additionally, her sterling reputation as a professor at Creighton University precedes her. Maggie's university profile can be viewed [here](#).

Gaining our first independent director is a crucial step in Exodus' growth as a public company: Independent directors are responsible for much of what will make Exodus truly "public". It also bears mentioning that the presence of independent directors is a listing requirement for many stock exchanges.

We are excited to continue on this journey with all of you worldwide!

Warm regards,
Exodus Investor Relations
